The “Eliminator of Obstacles”

India at a Glance

- Population (2010) 1.2 billion
- Number of universities (2009): 353
- Number of students studying in Indian universities (2007): 13.9 million
- Number of Indians studying in U.S. universities (2009): 103,260
- Indian students make up over 15% of all foreign students studying in the U.S.
- 50% of India's population is below age 25
- 35% of India's total population is illiterate

Secondary Degree Structure

Standard X Examinations

- Students prepare for the examination during their 9th and 10th years of secondary education
- Common Examination Names:
 - Secondary School Examination
 - Secondary School Certificate
 - Matriculation Examination

Standard XII Examinations

- Students prepare for the examination during their 11th and 12th years of secondary education
- Common Examination Names:
 - Higher Secondary School Certificate
 - Higher Secondary School Leaving Certificate
 - Senior School Certificate
 - Pre-University Examination
 - Intermediate Examination

Secondary Documentation

- Students receive a Certificate and/or Marks Statement after passing the Standard X examination, and again after passing Standard XII.
- Request documents for both examinations for a complete picture of secondary level achievement.
- Official documents should always be issued by the recognized state or central examination board, or a university that conducted its own exam.
- Some schools may issue documents after the 9th and 11th grade years, but they are generally not considered official inside India.

Secondary Grading

■ Most secondary education in India uses the standard scale:

- First Class: 60% - 100%
- Second Class: 50% - 59%
- Pass Class: 40% - 49%
- Condoned Pass: 35% - 39%

Using the example on the right, remember to convert marks obtained to percentages before applying the equivalent grading scale.

परीक्षा नियंत्रक
Controller of Examinations

The nation wide central boards, especially the Central Board of Secondary Education have the reputation as being the most rigorous examination boards in India, and typically attract the strongest students.

Tertiary Education in India

- Indian education has its roots in the British system, inherited after 1947 independence. The oldest Indian universities, Madras (now Chennai), Bombay (now Mumbai) and Calcutta (now Kolkata) were founded in 1857.
- Like Britain, India is an external examinations-based system.
- At the tertiary level, students generally study (often externally at **affiliated colleges**) in order to prepare for semester or year end examinations conducted by a **university**.
- Passing the successive examinations is the main (often only) requirement for a student to progress and qualify for a degree.

Examinations Based System

- Students are primarily assessed by semester or year end examinations.
- Educational reforms have places more emphasis on “internal” or “sessional” grading in the classroom throughout the term.
- Examinations consist of a set group of subjects or “papers”. Students have little if any choice of elective coursework.
- Students must pass all examination papers to clear that examination.
- A student who has cleared all examinations is fully eligible to receive their degree. (Except in dentistry and medicine programs where an internship is required after the final term examination is cleared.)

Colleges vs. Universities

Universities

- Establish the curriculum taught by the affiliated college
- Usually conduct the semester or year end examinations
- Always award the degree
- The largest universities have hundreds of affiliated colleges

Colleges

- Are responsible for the actual day to day classroom instruction
- Colleges affiliate to a single university, determined by geography and field of study
- Vary widely in size and scope- many specialize in only one area of study

Autonomous Colleges

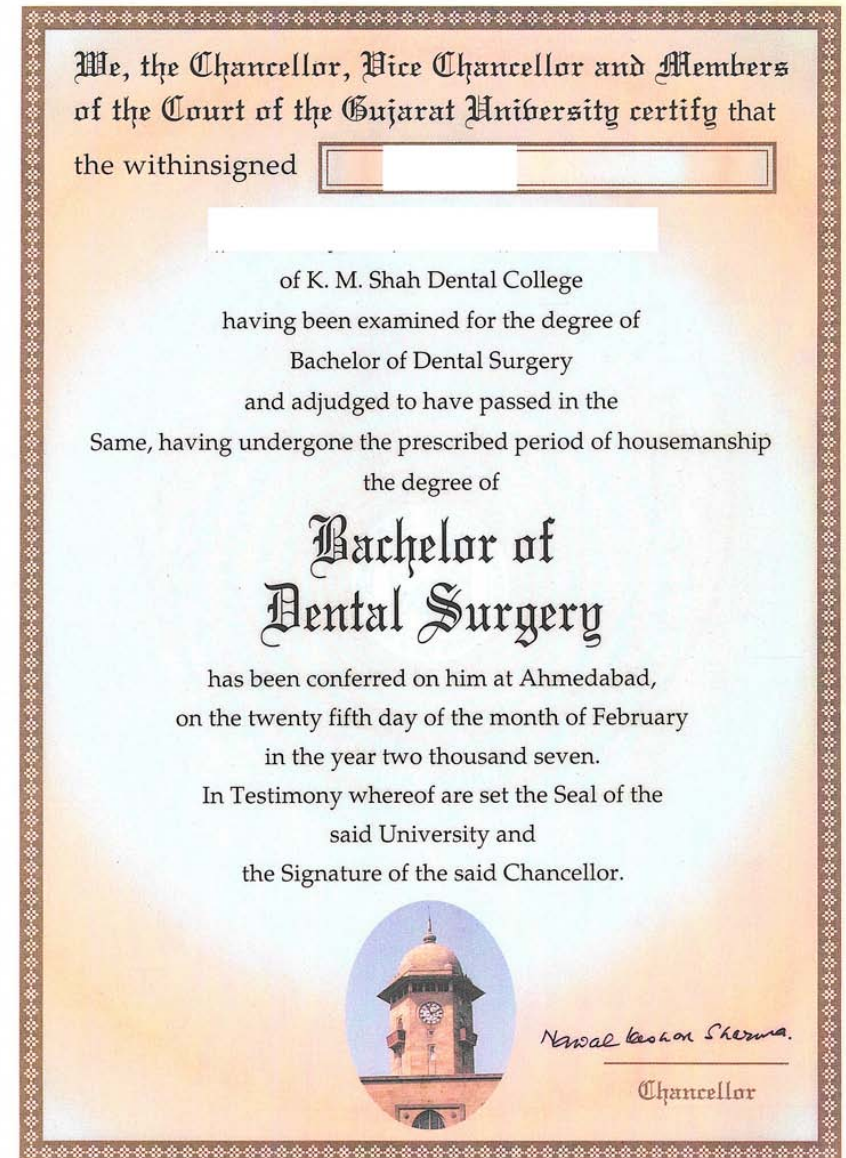

- Authorized by the UGC to create their own admission standards, curriculum, and assessment methods
- Conduct their own examinations, which lead to a degree issued by the university they affiliate to

Always Request a Complete Set of Documents

- Having a complete set of the right documents is essential when preparing credit and grade equivalences.
- A complete set of document ensures that you have the complete picture of how a student has performed academically.
- Always request:
 - 1) **A complete educational history**
 - 2) **Degree and/or Provisional Certificate for each program**
 - 3) **Statements of marks, issued by the university, for every attempt at every examination, even if an examination was failed and re-taken or if marks from an earlier examination or attempt appear on a later statement of marks.**
- Do not accept:
 - 1) **Consolidated marksheets**
 - 2) **College issued transcripts**
 - 3) **College issued marksheets (with the exceptions previously noted)**

Degrees

- Always issued by the university
- Awarded at the Convocation Ceremony, which is often held months after a student finishes their program
- A student may not receive their bachelor degree if they continue in a master degree program at the same school. The degrees are issued simultaneously after final completion.

Understanding Degree Classification

- Academic achievement is officially recognized by the degree “Class” or “Division”.
- Generally, degrees are classified as follows:
 - First Class with Distinction
 - First Class
 - Second Class
 - Third / Pass Class
- Class is determined by examination scores.
- Most degree classifications are awarded based only on the final year examination, not the entire program. Therefore, it is not accurate to treat the overall degree classification as a shortcut for a US grade point average.

Dissecting a Degree

Determine the Following Items:

- University awarding the degree
- Name of the degree
- Date of the final examination (if listed)
- Date the degree was awarded
- The degree class / division

Provisional Certificates

- Should only be considered official when issued by the university
- Confirms successful completion of the final year examination
- For recent graduates, can be considered an official degree substitute
- Caution! May not confirm completion of all degree requirements
- Eg: Dentists need to complete a one year internship after their final examination before they are eligible to receive the Bachelor of Dental Surgery degree

- 359 autonomous colleges have authority to conduct all of their own examinations
- List available at:
www.ugc.ac.in/inside/auto_college.html

Exception #2: Colleges Affiliated to the University of Mumbai and the University of Gujarat

- Due to size and logistics, two of the largest universities, Mumbai and Gujarat, authorize their affiliated colleges to conduct some of their examinations
- However, affiliated colleges **never** conduct the final examination
- The university **always** issues the degree.

Understanding Marks....

- Each exam subject is scored out of a maximum number of marks, which may vary from 25 to 200 or more. A student must meet a minimum number (or percentage) of marks in each subject as well as a minimum number in the examination as a whole.
- Marks are not an absolute or transferable value. Marks are generally relative only to other marks in the same degree program at the same school.
- For example, the examinations for a three year Bachelor of Arts program might total 5000 marks, while a four year Bachelor of Engineering program at the same school might total only 1200 marks. There is no “universal” conversion.

Determine the Following Items:

- The specific exam
- The date of the exam
- Course titles / papers
- Course breakdown (Theory vs. Practical & Internal vs. External)
- Maximum marks per paper
- Minimum passing marks per paper
- Minimum aggregate passing marks
- Marks obtained per subject
- Class / Division awarded
- Other miscellaneous grading / notation info

- Many colleges will issue “transcript-style” documents, which are not valid for official use in India
- In some cases, these may be the only sealed documents a student can obtain.
- Remember though these documents are not issued by the body that conducted the examination.
- College-issued transcripts almost never include information on failed examination attempts.

Always Request a Complete Set of Documents

- Having a complete set of the right documents is essential when preparing credit and grade equivalences.
- A complete set of document ensures that you have the complete picture of how a student has performed academically.
- Always request:
 - 1) **A complete educational history**
 - 2) **Degree and/or Provisional Certificate for each program**
 - 3) **Statements of marks, issued by the university, for every attempt at every examination, even if an examination was failed and re-taken or if marks from an earlier examination or attempt appear on a later statement of marks.**
- Do not accept:
 - 1) **Consolidated marksheets**
 - 2) **College issued transcripts**
 - 3) **College issued marksheets (with the exceptions previously noted)**

Clues That You Are Missing Attempts

- The dates on the examinations do not follow the expected sequence.
- The examination is titled “Supplemental”.
- The marksheet lists the dates of previous passing attempts next to some subjects.
- Some subjects have a notation indicating they were “carried forward” from a previous examination.
- Some subjects have a notation indicating they were previously passed.

Exam Dates and Structure

- Students first sit for the **Annual** exams. If one or more subjects are failed, the student returns for the **Supplemental** exam. In rare cases, supplemental attempts may be held in conjunction with the following year annual attempt.
- In the yearly system, **Annual** attempts are usually held in the summer (April/May/June) and **Supplemental** attempts in the winter (Nov/Dec/Jan).
- In the semester system, odd semester (I, III, V, VI) exams are usually conducted in the winter and even semester (II, IV, VI) exams in the summer.
- Carefully check the dates and sequence of all exams. Exams taken out of the expected sequence often indicate a failed previous attempt.
- Supplemental mark sheets may show results only for the subject re-attempted, or may include the previous passing results for all subjects.

CONTROLLER OF EXAMINATIONS

From the date pattern of the first two examinations, we would expect these attempts to be done in spring/summer (March/July) of 2003 and 2004.

Other than missing failed attempts, the date inconsistencies could possibly be due to other factors such as illness, natural disaster, school closing, strikes, etc.

CONTROLLER OF EXAMINATIONS

Attempt Certificate

- If a student claims they did not fail any attempts, you can request that they submit an official “Attempt Certificate” confirming this.
- If a student cannot submit either marks for all attempts, or an Attempt Certificate, ECE cannot include a GPA on their report.

GOVT. COLLEGE OF NURSING KOTTAYAM

No. B1/622/09/CNK Dated: 1/4/09

CHANCE CERTIFICATE

This is to certify that Ms. [REDACTED] was a student of this college for IV year Degree B.Sc Nursing course and that she has passed the various subjects of the B.Sc Nursing Examination conducted by the Mahatma Gandhi University, Kottayam, Kerala in chances detailed below.

I. B.Sc Nursing

Anatomy including Histology	1st chance
Physiology including Biochemistry	1st chance
Microbiology	1st chance
Sociology & Economics	1st chance
General Psychology	1st chance
Introduction to community Health	1st chance
Nutrition	1st chance
Fundamentals of Nursing including Pharmacology and First aid	1st chance

II B.Sc Nursing

Medical Nursing including Pathology and Dietetics	1st chance
Surgical Nursing	1st chance
Community Health Nursing	1st chance

...2/

: 2 :

III B.Sc Nursing

Advanced Medical Surgical Nursing	1st chance
Mental Health Nursing	1st chance
Introduction to research Nursing	1st chance
Child Health Nursing	1st chance
Community Health Nursing	1st chance

IV B.Sc Nursing

Nursing VII (part I)	1st chance
Community Health Nursing	1st chance
Education and Administration	1st chance
Nursing Administration	1st chance

5 Steps to Convert Marks to Credits

1. Determine Indian program length and target number of US equivalent credits.
2. Find and “box” the total maximum marks for each individual subject.
3. Add the total maximum marks for the entire program.
4. Calculate your conversion factor and apply to each subject.
5. Apply the conversion factor to each subject.

1. Confirm Indian Program Length....

- Basic Principle of Credential Evaluation: a year of full-time academic work in one country is equivalent to a year of full-time academic work in any other country.
- Determine the full-time program length.
- The AIU Handbooks are the best source for this information.

Example #1

University of Madras, Bachelor of Commerce
= 3 years of full-time study

University Degrees

First Degrees:

- | | |
|--|----------------------------------|
| ■ Bachelor of Arts | 3 years (after Higher Secondary) |
| ■ Bachelor of Science | 3 years (after Higher Secondary) |
| ■ Bachelor of Commerce | 3 years (after Higher Secondary) |
| ■ Bachelor of Engineering / Technology | 4 years (after Higher Secondary) |
| ■ Bachelor of Agriculture | 4 years (after Higher Secondary) |

Second Degrees:

- | | |
|---|---------------------------------------|
| ■ Bachelor of Education | 1 year (after any Bachelor's degree) |
| ■ Master of Arts / Science / Commerce / Engineering | 2 years (after Bachelor's degree) |
| ■ Master of Philosophy (preparation for degree) doctoral study) | 1-2 years (after a Bachelor or Master |
| ■ Doctor of Philosophy | varies by student and program |

Indian Professional Degrees

Typical Program Lengths:

- | | |
|---|--|
| ■ Bachelor of Laws (General) | 2 years (after any 3-year Bachelor's degree) |
| ■ Bachelor of Laws (Special) | 3 years (after any 3-year Bachelor's degree) |
| ■ Bachelor of Pharmacy | 4 years (after Higher Secondary) |
| ■ Bachelor of Physical Therapy | 3 ½ years + 6 months internship (after Higher Secondary) |
| ■ Bachelor of Dentistry | 4 years + 1 year internship (after Higher Secondary) |
| ■ Bachelor of Medicine, Bachelor of Surgery | 5 ½ years + 1 year internship (after Higher Secondary) |

1... and Determine Target Number of Equivalent U.S. Credits

■ In the United States, one year of full-time study is normally worth 30 to 36 semester hours of credit.

- Two Year Program: 60 to 72 credits
- Three Year Program: 90 to 108 credits
- Four Year Program: 120 to 144 credits

Example #1

University of Madras, Bachelor of Commerce
= 90 to 108 Target Number of Credits

2. “Box” the Max Marks for Each Subject

89 077703

Example #1

University of Madras, Bachelor of Commerce

First Year (1990)

500 Max Marks

Second Year (1991)

500 Max Marks

Third Year (1992)

500 Max Marks

1500 Total Max Marks

4. Calculate a Conversion Factor

- Always think of total maximum marks as “Sets of 100”. (Move the decimal point two places left.)
- 1500 Total Max Marks = 15 “Sets of 100”
- Find the Conversion Factor by dividing the expected US credits by the Total “Sets of 100”

$$\frac{\text{EXPECTED US CREDITS}}{\text{“SETS OF 100”}} = \text{CONVERSION FACTOR}$$

- Round the Conversion Factor to the nearest whole or half number for the cleanest results
- **Example #1**
University of Madras, Bachelor of Commerce

$$\frac{90 \text{ EXPECTED CREDITS}}{15 \text{ “SETS OF 100”}} = 6$$

5. Apply the Conversion Factor

- Multiply the “Sets of 100” for each subject by the Conversion Factor to get the equivalent US credits.

- **Example #1**
University of Madras, Bachelor of Commerce

89 077703

90 Total Credits for The Program

How Do I Evaluate Documents That Show Credits?

- Some universities use a credit / mark hybrid system.
- “Credits” have different values in different countries, and often are not equal to US semester hours of credit.
- Use the credits in place of maximum marks, still using a conversion factor to arrive at the expected US credit range.
- Carefully check to see whether marks earned are listed raw or as percentages.

4 Steps to Convert Marks to Grades

1. Determine all known grading information.
2. Choose an appropriate grading scale using the known grading information.
3. Find and “circle” the total marks secured for each subject.
4. Convert all marks obtained to percentages and apply the grading scale.

1. Determine All Known Grading Information

Determine the Following Items:

- Minimum passing marks per paper
- Minimum aggregate passing marks for the examination
- Percentages required for each degree classification (if listed...)

UNIVERSITY OF MUMBAI

Example #2

University of Mumbai, Bachelor of Commerce

2. Choose a Grade Conversion Scale

ECE's Recommended Grading Scales for Indian Universities

33 Lowest Pass

- 60-100% A
- 50-59% B
- 40-49% C
- 33-39% D
- 0-32% F

35 Lowest Pass

- 60-100% A
- 50-59% B
- 40-49% C
- 35-39% D
- 0-34% F

40 Lowest Pass

- 60-100% A
- 50-59% B
- 40-49% C
- 0-39% F

50 Lowest Pass

- 60-100% A
- 50-59% B
- 0-49% F

■ You can modify these grades scales if you know a university requires different percentages for their degree classifications.

Indian Grade Conversion Philosophy

- In ECE's judgment, the achievement required to earn each degree class is equivalent to the level of achievement required to earn each United States letter grade as follows:

<u>Degree Class</u>	<u>Percentage of Marks</u>	<u>U.S. Letter Grade</u>
First (Distinction)	70-100%	A
First	60-69%	A
Second	50-59%	B
Third / Pass	40-49%	C
Individual Subject Pass	min-39%	D

- These are the most common degree classification percentages used in Indian universities.
- You may choose to modify the grade conversion when different percentages are known. (eg: First class starts at 65%, not 60%)
- The minimum passing degree classification for most graduate and professional programs in India is Second Class. Therefore, scores below 50% in these programs are usually a failure.

Is There a “D” in India?

The US Concept of the “D” Grade

- An individual subject grade, that although below the minimum acceptable standard, is condoned as passing

Evidence of a “D” Grade in India

- Often, the minimum passing marks in individual subjects is lower than the aggregate passing minimum.
- Although many exams having passing minimums in the 30's range, 40% is the most common passing aggregate for non-professional programs.
- Grace Marks

Is There a “D” in India?

Courses and Grades						
Name of exam	Duration of course in years	Minimum percentage of marks required for				Frequency of exam in a year
		I Div	II Div	III Div	pass in each paper	
1	2	3	4	5	6	7

- In some instances, the university may award extra free marks to a student who has not achieved the passing minimum.
- This idea of a “condoned failure” is similar to the US concept of a “D” grade.
- The highlighted “& 0.224” refers to the specific university grace mark regulation.

- 50-59% B
- 40-49% C
- 35-39% D
- 0-34% F

Example #2

University of Mumbai, Bachelor of Commerce

How Do You Convert Letter Grades?

- Some schools may use a letter grading scale.
- Letter grading scales vary widely and may not match the US style A-F scale.
- Check accompanying documents for additional information.
- Often, scales are found on the backs of marksheets.

How Do You Convert Other Non-Percentage Grading Scales?

- Grading is not standardized in India. Besides percentages and letter grades, other scales exist such as 4 point or 10 point GPA systems.
- When confronted with an unfamiliar scale, ECE recommends this approach:
 - Determine all known information: document, website, print resources, examination regulations
 - If known, base conversions off the related degree classifications.
 - Look for word descriptors that give qualitative meaning and break down to the closest, most logical U.S. equivalent grades.

**Birla Institute of Technology and Science
Pilani, (Rajasthan) India**

1. This transcript contains complete record of academic performance of the student given in a chronological order. For details the Academic Regulation as well as the Bulletin of the institute should be consulted.
2. The medium of instruction is English.
3. The academic year consists of two semesters and a summer term when required. The courses and the grades along with units are shown against each semester/term in which the student registered.
4. **Evaluation :**
 - (a) The performance in most courses is spelt out in terms of letter grades A,B,C,D,E. Each letter grade has a qualitative meaning and a grade point value as given below:

Letter Grade	:	A	B	C	D	E
Qualitative Meaning	:	Excellent	Good	Fair	Poor	Exposed
Grade Point	:	10	8	6	4	2
 - (b) In some courses, descriptive non-letter grades (Excellent; Good; Poor; Unacceptable; Satisfactory(S); Unsatisfactory(U); Above Average; Average; Below Average; Outstanding; Very Good; Continuing) are awarded which carry no grade point.
5. **CGPA :**

The up-to-date overall performance is reported by the Cumulative Grade Point Average (CGPA), which is a weighted average calculated as below :

$$CGPA = (u_1g_1 + u_2g_2 + u_3g_3 + \dots) / (u_1 + u_2 + u_3 + \dots)$$

where u_1, u_2, u_3, \dots denote units associated with the courses taken by the student and g_1, g_2, g_3, \dots denote grade points of the letter grades awarded in the respective courses. Whenever a student repeats a course and gets a new letter grade the new grade replaces the earlier grade in the calculation of the CGPA.

LIBRARIAN (Actg) Shri B Karmakar

DEANS Arts & Commerce & Law Prof P K Sengupta

The university was incorporated under the West Bengal Act XXVII of 1961. It started functioning from June 1, 1962. The university campus is located in the outskirts of Siliguri town in the Dist. of Darjeeling.

Jurisdiction

The jurisdiction of the univ. extends to the districts of Coochbehar, Darjeeling, Jalpaiguri, Malda, Uttar Dinajpur, Dakshin Dinajpur and Sikkim State. The univ. has 2 Univ Colleges, 5 Govt Colleges including 3 Sikkim Govt, & 70 non-Govt Colleges. Students Enrolment (2004-2005) 76,603.

Library and Research Facilities

2004-2005 Books 1,80,000; New Volumes 24,000; periodicals subscription list 700 with (a) Introduced services like INFONET & INFLIBNET (b) CCOD (current contents on Diskett with abstract) books issued per day 300; daily visitors 350; space in library 14.071 sq metres. Expenditure Rs 58.69 lakhs. Reprographic facilities available.

Scholarships and Fellowships

State/UGC/Other Agency Research fellowships, Merit & SC/ST/OBC scholarships, free studentships from Rs 75 to Rs 1800 (pm).

Private Studies

Candidates are allowed to appear at BA/BSc/BCom General 3 yrs after passing H S Exam (10+2) of West Bengal Council of H S Education or equivalent in Distance Education Courses (PCP mode) in subjects like English, Bengali, Nepali, History, Political Science, Philosophy and Mathematics. Distance Education Courses (PCP mode)

are available in same subjects for one yr. bridge course for (10+2+2) Graduates and MA for Graduates under the (10+2+3) or (10+2+2+1) pattern.

Academic Year

Terms July-June;

Admissions July/August. Examinations Undergraduates May-June; Postgraduates April.

Budget Estimates

(2004-2005) Income Rs 2089.41 lakhs (Grants 88.57%, Fees 91.28%, Other Sources 8.72%). Expenditure Rs 2978 lakhs.

Miscellaneous

Health Centre Students, teachers and their families residing in the campus are provided free medical care.

Games & Sports Athletics, Football, Cricket, Badminton, Volleyball, Basketball, Table Tennis.

SR Mor

Alberta International Qualifications Assessment Service

- In 2009, IQAS published an excellent book on all aspects of Indian education.
- Intended for employers, educators and immigration officials in Alberta, but also very useful as a credential evaluation resource.
- Available free(!) online at:
http://employment.alberta.ca/documents/WIA/WIA-IM_iqas_india_profile.pdf
